The Hourglass 2021

In Memoriam

Anne-Marie Norman

Dec. 3, 1960 - Dec. 15, 2020

In loving memory of Anne-Marie Norman, a beloved Special Education teacher, who dedicated her life to serving our students with the highest needs. Her selfless example inspires all of us.

Dedication

In honor of this unusual year, we have chosen an unusual dedication. We feel there are several groups of people who deserve to be recognized. We dedicate the 2021 Hourglass to them.

To our custodial and food services staff, who worked hard to prepare and provide everything we need

To our administrators and teachers, who spent hours planning and re-planning as expectations and guidelines changed

To the first responders, healthcare workers, and essential workers in our community who risked their own health and safety for the greater good

To the 500,000+ Americans, who lost their lives to Covid-19 this year

To the Class of 2021, who missed out on most of what makes junior and senior year fun, but persevered

Table of Contents

Breaking from tradition, this edition of The Hourglass is **organized by season, rather than by section**. But don't worry, we kept the seniors in their own section, right at the front!

Parent Messages to Class of 2021
Colophon - Publishing Information

This was an

UNe

pected year.

When school closed in March 2020, we didn't expect it to last more than a few weeks.

We didn't expect to miss athletic seasons, the junior and senior prom, the Mr. and Miss Competition, Lamplighters productions, performances, and the many other events we had been looking forward to. Freshmen didn't expect to still be lost in an **UN**familiar building in April, and seniors didn't expect to **UN**dertake prom and graduation planning with Covid-19 restrictions and Google Meet.

There were some good things, though. We didn't expect we'd get to sleep late every other day, have **UN**official free time on Wednesdays, and have time to make a quick trip to Starbucks or Dunkin' between classes. We didn't expect we'd be able to lounge around at home, **UN**supervised, with our cameras off, while still getting credit for attending school.

In this edition of The Hourglass, we tried to capture all of the **UN**expected aspects of this unique year. We didn't expect to see an **UN**usual February football season. We didn't expect to hear so much about Tiger King or baking or hair coloring, three popular quarantine hobbies. We didn't expect to have space to highlight some of our extracurriculars in more depth. We didn't expect to have a crowd-sourced underclassmen photo section, or a giant Zoom call as a senior photo. Throughout this book, there are **UN**mistakable signs that this was an **UN**precedented year.

We didn't expect most of what happened this year, but we figured it out. We fought through days of being **UN**motivated and learned to manage our time. We realized how much we miss being around each other. We learned to navigate **UN**charted territory - Google Classroom, Zoom, Edpuzzle, Nearpod, and PearDeck. Our teachers jumped into new technology **UN**scripted. We got used to wearing masks in school, eating lunch at desks, seeing our classmates through a computer screen, and maintaining social distance.

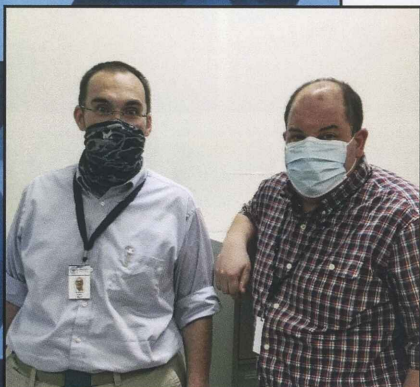

Through all of this, we have proven that we are **UN**fazed, even in the face of the **UN**known. We are **UN**daunted. We are **UN**deterred.

And we are

UNstoppable

Dear Class of 2021,

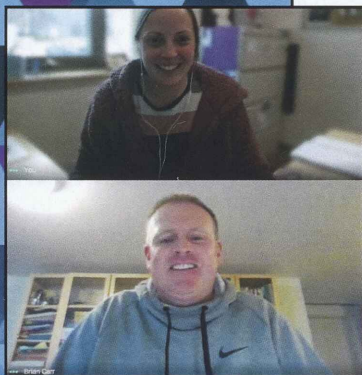

Yours is a graduating class like no other! Sure, you've lived through a junior and a senior year unlike anything from recent memory. But, what's more than that: you've shown just how to live through these days and this year with strength and class. Nothing is perfect, but these days are as far from "perfect" as any have ever been, and you're still fighting to make them bigger. You've created projects that benefit the community. You've fought with the ennui of "remote learning," and you've found new ways to be successful. You've lived with parents, teachers, and siblings who are trying to find their ways, and, you've not only survived, you've thrived and succeeded where others haven't. What you've shown is that you're as good as anyone and better than most.

It's impossible to predict what is going to happen in the future. If this year has taught us anything, it's taught us that. However, we feel 100% confident in predicting all of your successes. No matter how those successes may look or what forms they may take, they will be great! They may be hard fought, but that will make them only the more enjoyable. And, when you look back on this year, don't see just pain and difficulty; look at where you've ended up, and see just a little joy.

Mr. Phillips and Mr. Merenda
Assistant Principals

To the Class of 2021,

It has been a pleasure to work with you over the past four years. We know your junior and senior year didn't quite turn out the way you expected. Through all of the changes and upheaval, you were patient with us as we navigated gathering restrictions and social distancing guidelines. In your junior year, we planned a prom with you, and then canceled it. In your senior year, we spent hours talking about what could be done to salvage your senior year and give you some sense of normalcy. We are hopeful that we'll be able to plan a prom this year, but things remain undecided at the local and state level. Regardless of all that, know that we hope to make the end of your senior year great, even if it has to look different than what we all expected when you started high school four years ago.

As you go off into the world, be kind, be generous, and be thoughtful about those who have less than you do. Try not to let your memories be tainted by what you didn't get, or what you couldn't have. Hopefully over time, there will be things you'll look back on with fondness. If nothing else, we hope you remember that through this period of uncertainty, your teachers and school staff cared deeply about making sure you were cared for. That was our goal all along, and it's our goal now, as we prepare to send you off to bigger and better things.

Best of luck,

Ms. Dickerson & Mr. Carr
Class Advisors

To the Class of 2021,

Over the years, we've grown alongside each other. From dealing with the lack of paper towels in the bathrooms as freshmen to attending school during a worldwide pandemic as seniors, we've persevered through every obstacle and made it to graduation. We officers are so grateful to have had the opportunity to serve such an incredible class. The memories we've made together at WHS will continue to unite us even as we depart on different adventures. Wherever we end up, all of us will still be Wildcats at heart. We look forward to the future, knowing that whatever it holds, we have the strength to face it.

Congratulations and best of luck,

Your Class Officers,
Miriam Nelson
Colton Sullivan
Patrick O'Mahony
Hayden Kane
Owen Surette

To the Class of 2021,

Room 1-032 will sure feel empty without you here!! Wishing you joy & success in the future. You have so much to be proud of and so much to look forward to! Graduation is such an exciting moment in time, enjoy it! My hope for each one of you is that you have fond memories of your time here at Wilmington High School and big dreams for your future. Go show the world the best version of yourself!

Best wishes,

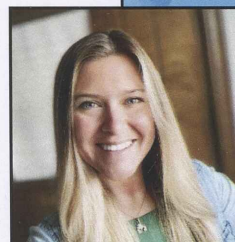

Mrs. Dunlap

To the Class of 2021,

Look at you! Congratulations on all you have accomplished. I hope you all know and can acknowledge everything you have achieved so far. Always remember that you are the hero in your story, and you will do amazing things!

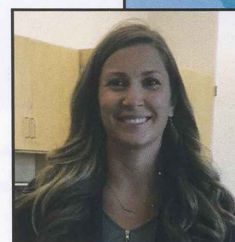

Mrs. Buckland

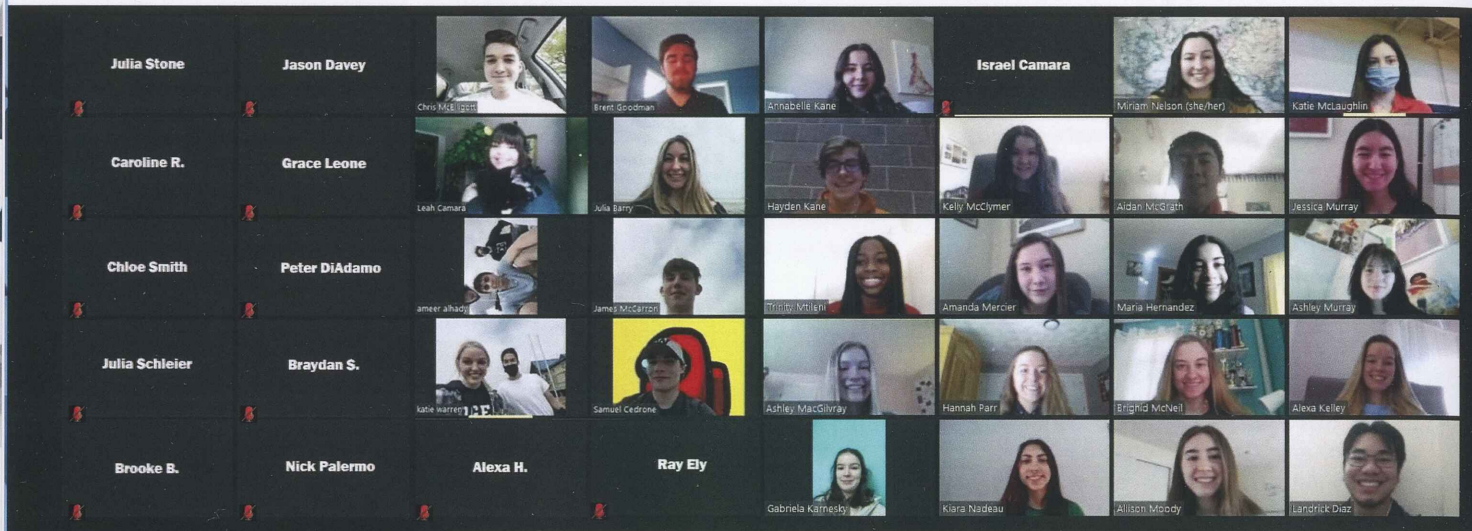

To the Class of 2021,

Congratulations on your accomplishments! Go confidently in the direction of your dreams! Your next adventure is just ahead!

We asked seniors...

If you could give one piece of advice to your grade, what would it be?

Aidan McGrath said...

Even though high school is coming to a close, embrace every last moment and continue to hold onto your friends from the past four years. Some of the strongest relationships I've developed have occurred over the past four years.

Ryan Forcina said...

Covid-19 will be over eventually. Let's just hope that it's before college next year.

Alex Vale said...

High school is too short to not get along.

Tori Gemellaro said...

We will all get through this eventually.

We asked, you answered! Senior Survey

We picked a bunch of questions to ask the **Class of 2021**. We administered this survey via Google Forms in October 2020, and we received more than 150 responses. Now, we've compiled the results!

? -If you could vote in this presidential election, who would you be voting for?

58% Biden

21% Trump

22% No opinion / Other

When we asked this question back in October, the election was a hot-button issue for most of the country, so we were interested to see which candidate the Class of 2021 would support. A sizable number of seniors didn't want to support either major candidate. The two-party system seems less than ideal for the Class of 2021!

? -Do you plan on having children?

73% Yes.

Out of those, more than half said they plan to have two kids. 36% said three kids, and a brave 11% said four kids.

11% No.

20% Undecided.

We like to ask this question to see what plans the Class of 2021 already has. Even though they're just getting ready to leave high school, it appears many of them have already made plans to become parents in the future!

? -What's the best brand for sneakers?

20%

65%

When it comes to sneakers, the Class of 2021 is pretty opinionated. We expected this one to be a bit closer than it turned out to be, with Nike winning the majority of the vote. Adidas came in a distant second. Several other brands got a handful of votes. Those include: Vans, Converse, Jordans, New Balance, and Asics.

? -Pizza or burgers?

72%

28%

This or that?

We love "this or that" questions! Last year, we found out seniors liked bacon more than sausage, by a landslide. So this year, we tried to come up with a choice that might have split results. It looks like we were wrong. We knew pizza was popular, but we didn't realize it would earn more than double the amount of votes that burgers got. This makes us wonder... is it time to change up the senior barbecue menu? Maybe we should start serving pizza!

-If you could add a color to WHS school colors, which would you choose?

39%
said red

26%
said yellow

17%
said green

18%
said other (black,
purple, gold, silver,
pink, light blue)

Every now and then, we wonder what it would be like to add a color to our traditional blue and white. When we asked seniors what color they would choose, red was the favorite. We think that makes perfect sense, since WHS loves USA Day for Spirit Week too. There were three votes for pink. Come to think of it, those pink and blue uniforms for the Breast Cancer Awareness games do look good!

-In 10 years, will you be living in Wilmington?

61%
said No

7%
said Yes

33%
said Maybe

The Class of 2021 is packing their bags! The majority of seniors said they do not plan to live in Wilmington in 10 years. We're excited to hear seniors are ready for a new adventure somewhere else, but we're secretly hoping more than just 7% of them will come home. Don't worry, seniors. You've got plenty of time to figure it out. We'll be right here waiting for you. There's a great big world out there, so go explore!

-What social media platforms do you use?

91%
use Instagram

89%
use Snapchat

56%
use TikTok

55%
use Twitter

35%
use Facebook

27%
use Discord

7%
use Tumblr

In the past few years, we've asked seniors what app they use the most. This year, we decided to ask what apps they use, and which they use the most. Almost all seniors are using Instagram and Snapchat. Even though only 56% are using TikTok, a high number of those said TikTok is the app they use the most. We're not surprised - TikTok saw a massive gain in popularity during the pandemic. We were surprised to see that a third are still using Facebook, but not surprised to see about a third using Discord. When we asked seniors about their extra free time during the pandemic, we found they spent a lot of it on social media, connecting with friends they couldn't see in person. See, mom and dad? Social media can be a good thing!

-What's the best part of remote/hybrid school?

43%
Getting to stay
in bed longer /
taking a
shorter time to
get ready

27%
Getting to
have more
control over
my time

16%
Getting to
hang out
somewhere
comfortable,
like the couch

After starting the school year at home, we knew students would have opinions about the good and bad of remote schooling. Almost half said they like getting to have leisurely mornings where they don't have to rush out the door. Other answers included using the bathroom or taking a movement break without asking permission.

—What was the hardest class you took at WHS?

We could have guessed math and science would be the popular answers here. In Science, the AP courses (Biology, Chemistry, and Physics) made up 45% of the vote. Other Science courses that got mentioned include Physics (H and CP), CP Chem, and CP Physical Science. In Math, two thirds of the responses were for Calculus (AP and H) and Pre-Calculus (H and CP). Other Math classes that were mentioned were AP Statistics and Algebra I & II. Surprisingly, there were no mentions for Geometry!

In other subjects, there 17 other votes for AP courses, including AP US Hist., AP Lang, AP Comp Sci, AP Lit, AP Microeconomics, and AP Psychology. There's no doubt those AP courses are tough, but hopefully getting that college credit makes it worth it!

—What WHS athletic team has the most school spirit?

51%
said Football

18%
said Hockey

12%
said Soccer

We're not sure what the Football team is doing, but they must be doing something right. More than half of seniors said Football had the most school spirit, and they didn't even play a regular season this year! We also saw a lot of responses for Hockey and Soccer. Most responses didn't specify boys vs girls, so we're not sure who to give a shout-out to, but we're guessing Hockey might be skewed toward the boys' team since they've made great play-off showings in the past few years. Other mentions were Cheer, Field Hockey, Swim, and Basketball. Band even made it into the running with two votes! A few only got one vote each - Tennis, Wrestling, and Golf, proving one thing: lots of wildcats with lots of school spirit!

? —How do you spend your time after 2:05?

#1 Working

#2 WHS Athletics

#3 Taking a nap

The large majority (72%) of seniors are making the big bucks working a job after school gets out. Almost 60% said they participate in WHS athletics. All that hard work must make seniors tired - the third most popular answer was taking a nap (50%).

Other popular answers included watching TV (48%), WHS Clubs (39%), playing video games (33%), and doing community service (31%).

? —Scary movies - love or hate?

47%
said Love

25%
said Hate

This or that?

Grab the popcorn! Almost half of seniors said they love watching scary movies. We have to admit, we thought the results would be a little more mixed on this one, but it turns out the Class of 2021 is fearless... but we already knew that! And almost 30% said they didn't have an opinion either way.

? —Complete this sentence: During senior year, I really want to...

20% said get good/better grades

17% said have fun!

16% said do something for myself
(be more confident, improve myself, etc.)

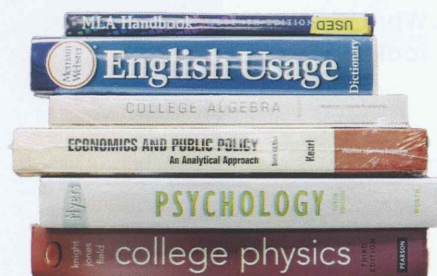

15% said hang out with friends

11% said graduate

7% said get into college

7% said have a prom

7% said go back to school in person

We hope seniors hit the books this past year! Twenty percent said they wanted to get better grades or do well academically in their senior year. We also expected a high number of responses to be related to the pandemic, and we were right. Almost thirty percent of students made a comment about getting back to normal - hanging out with friends, having a prom, going back to school in person. Thankfully, we did return to school in late October, and are expected to return fully in person before the end of the year. And with any luck, the Class of 2021 will have a prom and regular graduation, too!

? —Which WHS staff member has had the greatest impact on your life?

This question always brings out a wide variety of responses. This year, seniors named more than 50 different staff members. We didn't have room to list them all, so we went with the top 10 (five or more votes)!

Mr. Hackett
Ms. Bellavia

Mr. Jones
Mrs. Desberg

Ms. Mette
Mr. Kinney

Mrs. Dunlap
Mr. Randall

Mr. Kligerman
Mrs. McConologue

? —What's your favorite TV show?

17% the office

7% the Vampire Diaries

6% F.R.I.E.N.D.S

6% CRIMINAL MINDS

We know most seniors aren't watching TV on TV - most are using their phones or computers to stream shows. We were a bit surprised to see no clear majority here. While The Office got the most votes with almost twenty percent, there were a lot of other shows that got mentioned. Those that had 3 votes or more: Big Brother, Bojack Horseman, Breaking Bad, Family Guy, Game of Thrones, Grey's Anatomy, Money Heist, New Girl, South Park, and Stranger Things.

? —If you could be on a reality TV show, which would you choose?

30%

28%

KEEPING UP WITH THE KARDASHIANS

15%

Reality TV isn't everyone's thing and this question proved it. Only about half of seniors responded. However, of those that replied, there were two clear front runners: Big Brother and Keeping Up With The Kardashians. We were also glad to see some unconventional answers, including Shark Tank, The Amazing Race, and The Great British Baking Show. The Class of 2021 on Shark Tank? Now that's reality TV we would watch!

? —On a scale of 1-5, how strict have you been about following Covid-19 guidelines?

6% 6% 27% 45% 15%

1 — 2 — 3 — 4 — 5

I do what I want and don't worry about it.

I wear my mask everywhere and stay 6' from others

Almost 90% of seniors say they've been following guidelines well. Way to go, wildcats!

Superlatives

The Class of 2021 voted for superlatives in 21 categories this year. Eighty-five percent of seniors cast votes to choose these winners. More than any other year, we saw students winning the majority of votes in multiple categories. Seven students won in two categories, and one (Owen Surette) won in four categories. This year, in honor of the change to virtual schooling, we added the category, "Most Likely to Forget to Mute on Google Meet."

Words to Live By

We asked the staff at WHS to provide their best words of wisdom for the Class of 2021. It turns out, they have lots of advice for us as newbie adults! From the silly to the serious, it's all here.

Take the time to really listen to others. And try to put yourself in other people's shoes, if only for a moment.
- *Ms. Daley*

You do you!
- *Mrs. Torchia*

Pursue your passion, do something you love every day and life will be that much more enjoyable.
- *Mrs. Veliz*

Be careful when playing with fire... it's cool but it can burn you!
- *Mrs. Kim*

Never let anyone tell you that you can't do or achieve something. If they do, prove them wrong.
- *Mrs. Popp*

If you sing everywhere you go, you may not have the most friends, but you'll definitely get the right friends.
- *Mr. Lebrun*

A good night's sleep can cure a world of troubles and help you see the good in each day. One hour before midnight has the quality of two hours after midnight.
- *Ms. Welch*

Study hard in college, but not so hard that you don't take time to have fun. Have fun in college, but not so much fun that you don't study. Make certain you are the first one to arrive to your dorm room on moving in day so you can put all your heaviest belongings on the best bed to claim it as your own. Never pay full price for your textbooks. Figure out how many classes you have over the course of freshman year. Divide the cost of your tuition by that number. That is how much money you and/or your parents will waste each time you skip a class...so get out of bed and go to class!!
- *Mr. Carr, Class Advisor*

Always give someone the benefit of the doubt. Also **pizza can be breakfast, lunch or dinner.**
- *Mrs. Cranson*

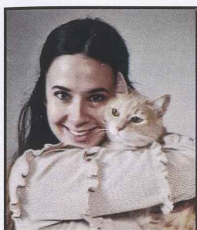

No graduate has ever returned to WHS and said, "I really regret being able to speak a second language..." Keep it up, Wildcats!
- *Ms. Pietro*

The older you get, the harder it is to make friends, so make an effort to hold onto the ones you already have. One way to make new friends and feel connected is to get involved in some sort of extracurricular activity.
- *Mrs. Hill*

Imagine you are in a car. Look at the front windshield. Now look at the rearview mirror. Did you notice that the once facing forward is much bigger than the one to look back? Keep that in mind in your own future. **The big picture is still ahead and the most important part. What's in the past is important, but it should never overshadow what's ahead.** May your journey be everything you want it to be and more.
- *Mr. Brown*

Always carry nougat; you never know when hunger (or a baby demogorgon) will find you.

- *Ms. Hogan*

Rise up to challenges as they present themselves, own every second, and succeed !

- *Mr. Staffier*

"Those who are crazy enough to think they can change the world usually do." - Steve Jobs

- *Mr. Hackett*

You don't need to be young,
To be wasting your days.
You don't need to be old,
To be set in your ways.

- *Mr. Jones*

Scegli quel che ti piace e divertiti!

- *Mrs. Negrini*

No one is you and that is your power.

- *Mrs. Garbarino*

Make good choices!

- *Mrs. Tucker*

Don't feel that you have to have everything figured out as you leave high school. Follow a path that interests you. If down the road you discover it doesn't feel like it is the right one to pursue, don't be afraid to change your direction. Always stay true to yourself, ask for help when you need it, and be kind to all along the way.

- *Ms. O'Mara*

Use the challenges and hardships of the last year to your benefit. The independence you have gained, the initiative you have shown, and the composure you have exhibited are tools that will serve you well for the rest of your life.

- *Mr. Carabello*

Living your life based on what other people think isn't living, so you do you! And, don't forget that self care and self love. I know you probably laugh at me for pushing it as a priority, but I'm going to tell you something . . . it's worth it and you're worth it.

- *Mrs. Desberg*

Make goals and be persistent when pursuing them. Don't let others' labels or preconceived ideas limit you.

- *Mrs. Parviainen*

"That is part of the beauty of all literature. You discover that your longings are universal longings, that you're not lonely and isolated from anyone.

You belong." - F. Scott Fitzgerald

- *Mr. Lewis*

"You are the average of the five people you spend the most time with." (Jim Rohn)

The people you surround yourself with have a huge influence over the way you see the world, yourself, and how you decide to treat other people. You are also free to allow friendships to end, especially if you are not getting what you need to be healthy and positive in your life.

- *Mrs. Perkins*

If you get to college and you have unlimited access to soft serve ice cream and soda, try not to have it every day. Your teeth and dentist will thank you.

(I graduated with 11 cavities. My dentist was not happy.)

- *Mrs. Hinman*

Words to Live By...

continued from page 63

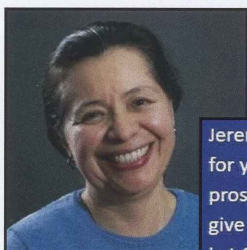

Dear Class of 2021,

You have persevered through a senior year that none of us could ever have imagined. Take what you have added to your "metaphorical backpack" over your four years at WHS- the passions you have pursued, the friendships you have forged, the lessons you have learned- and bring these gifts out into the world. Remember Walt Whitman's famous words quoted by Mr. Keating in Dead Poet's Society: "the powerful play goes on, and you may contribute a verse."

Never stop learning and never stop smiling,

Ms. Estrada

Jeremiah 29:11 "For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future."
Let God be in control of your life. He has great plans for you! Be brave and accept the challenges and welcome the failures. Learn from them. Life is short, live the present wisely, don't wait for tomorrow. Always take the positive side of each situation.

¡Practica tu español!

¡Bendiciones!

De corazón,

Profe Noack

To my 2021 DECA Graduates,

You each will hold a special place in my memories from the past 4 years. I have loved watching you develop into the bright, confident, funny, mature, talented and kind DECA SUPERSTARS that you are!

I know you are disappointed in the way the 2020-2021 DECA year played out, but you have so much more to look back on. Think about the past 4 years: District competitions, awards, Fall State Leadership, ICDC trips, visits to Boston for States, meetings after school, meeting new people, all the group chats, planning club meetings, studying, practicing and much much more! We have had so much fun together and I hope that those are the memories that stick with you as you leave WHS

I have NO DOUBT that the future holds great things for each of you! I will miss you and look forward to hearing from you as you enter into the next exciting phase of your lives.

Best wishes,
Mrs. Dunlap

Never make major life decisions when you're angry, tired, or lonely.

Fall *September - November*

Warm summer days gave way to the cool, crisp mornings we all associate with the beginning of the school year. Beyond the weather, other changes were afoot as well. WHS became home to all of the high needs students in the district, while their own buildings were prepared for the return of students. With strict quarantine guidelines and high community spread of Covid-19, it became apparent that we would be starting school just as we ended it last year - from home. To allow teachers extra time for professional development, our summer break got extended by 10 days!

November

Town Buildings staff receiving a huge shipment of air purifiers, stored in the WHS gym.

The front lobby and library became a makeshift bookstore for students to pick up materials to use at home.

The cafeteria tables were replaced with desks to ensure students stay socially distant.

Fall Captains' Interview

We asked our fall athletic captains to tell us a little about the season, and their hopes for the team. Here's what they had to say!

Tell us about fall try-outs!

AK: We had tryouts for a shorter period of time- 4 days. We were split into groups that we stayed with the whole time, moving from station to station. It was very different, but it felt good to get back to some normal!

KN: There were a lot of people who tried out, so it's good to see that the field hockey community is growing. Everyone seemed really excited to finally get out of the house!

CR: We don't have traditional try-outs for cross country because everyone makes the team. However, this year is really exciting because we were able to bring in new freshmen. We also qualified for a middle school waiver, which adds a lot of depth and young talent to our roster! It has been so exciting to help the new kids adjust, improve, and enjoy the season.

AF: Try-outs were definitely different this year, like most things. Some of the major changes included wearing masks and having to change drills so that social distancing was possible. All in all, I felt try-outs were not too bad once you get used to the rules.

What's different about playing WHS sports during the pandemic?

AK: Wearing a mask the whole time is definitely different. Also, playing with 7 players instead of 11 is different. We can't hug each other and hang-out all the time after practice.

CR: Having to wear a mask during practices and meets is the biggest difference. The mask makes it harder to breathe and dries up your throat... it is mentally tough to handle. It's also harder to establish team bonding. We can no longer have team dinners and events as they would not be safe.

SR: We wear masks and social distance, but the fun vibe is still there regardless!

AF: The main difference is not being able to practice every day. This is something I was used to in the past, but it is an adjustment we all had to make.

Additional Captains

What are your hopes/goals for your team this season?

AK: I hope that everyone stays healthy this season and we do undefeated!

KN: I hope that we get to play all of our games because the season was already shortened. A goal is that we hopefully can get the best record in the league and we work hard towards that!

CR: My biggest goal for the team is to work together. We have a young team, so I want everyone to have fun and enjoy cross country!

SR: I want to lay the groundwork for success in future years, and help the underclassmen fall in love with the sport the same way I did.

AF: My hope for the season is to have the team be able to play well together and get a couple of wins. Mainly, I hope everyone is able to stay safe, healthy, and have fun.

What has been the highlight of the season for you?

AK: Great game against Wakefield on senior night! We have an amazing team and everyone is so nice.

KN: We had a great senior day and won 1-0 against Wakefield! And we got Chipotle one day; we have a great bond.

CR: My favorite two meets of this season have been against Burlington and Stoneham. They have both been against two difficult teams and we narrowly came away with wins! They were both such exciting meets because it was a total team effort. We all worked together and we all deserved the win, which was so exciting!

SR: We had a great meet versus Burlington where the girls won by 1 point!

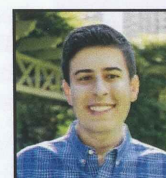

AF: The highlight to the season so far is senior night. It was not the same as previous years, but it was better than nothing. It went over very well overall and it was a great game.

JuniorsClass of 2022

Dear Class of 2022,

It's obvious that we lost so much of the second half of our sophomore year and the first half of our junior year to the COVID pandemic, whether that was athletic events, class functions, or just in-person learning. Hopefully, the second half of our junior year and all of our senior year will be COVID-free and something that we can all enjoy. We've gotten through so much together as a class and hopefully next year, we will be able to fully embrace our time together in a far more positive world.

Sophomores *Class of 2023*

To The Class of 2023:

Despite the obstacles we have faced this year, we still have had a great year. This is due to the class of 2023 and all the great people it is filled with. We have and will continue to fight through these tough times. As Batman once said "It's not who I am underneath, but what I do that defines me." As he indicates, actions speak louder than words. This class is great not for what we exclaim but the actions we back it up with. We are a staple of determination through our willingness to persevere, endure, and be all around good people. As this year moves forward, we want to unite as a class and school. We will all try and become better students and better people.

Class of 2024

Dear Class of 2024,

All the highs and lows we've lived through this year have provided us endless, fascinating stories. We are just teenagers, yet we can say we have lived through several different "once-in-a-lifetime" events when most people don't even experience one of the many we did. We are so proud of you all and we are so happy to be able to represent such an amazing class! One year down, three more to go!

We asked seniors...

What advice do you wish you could have given yourself as a 9th grader?

Aidan McGrath said...

Make the most of every moment and friendship you have during your four years. High school flies by fast and it's over before you know it. Surround yourself with the right people.

Ryan Forcina said...

Don't stress about every little thing. Take some time to relax before going to the next big project.

Abby Murray said...

Live life for yourself and nobody else, judge no one. If you can't find a nice person, be a nice person. Have fun. If you are not hurting yourself or others, do what you want.

Alex Vale said...

Don't try to put yourself above anyone else. You're still a freshman and although you feel like now you're in high school, you're not cooler than anyone else. Stay humble.

Tori Gemellaro said...

Enjoy the time you have 'cause you don't know when it's gonna be gone.

Project Make Your Mark

In the past few years, you may have noticed painted ceiling tiles appearing in the hallways near classrooms, by the auditorium, and in the cafeteria near the Event Entrance. We did some digging to find out why and how this project came to be. We discovered it has been co-sponsored by seniors Miriam Nelson and Carissa Rubin. We asked them to tell us about it!

How did you come up with the idea for Project Make Your Mark?

MN: Ms. Peters actually brought up the idea to Carissa Rubin as a way to brighten up the school. Carissa asked me to work with her because I like to paint, and we have been leading this project together ever since.

How did/do you advertise it to other students?

MN: In a normal year, we would have painting workshops where we have all the supplies ready and people can all come, get a tile, and do a design. This year, we have been more focused on encouraging students to take tiles home to work on there. Students can fill out the ceiling tile proposal on the front page of Aspen if they want to get a tile.

Do you have a favorite tile? (One you painted or someone else's?)

MN: I really like the tile of Squidward that's in the hallway near the Event Entrance, though I didn't make that one. I made the one in the same area that shows all the planets of our solar system, and I like that one too (but I'm biased). When we got our first batch of tiles at the beginning of the project, we were absolutely floored by how beautiful they came out.

Do you have anyone in line to take over after you leave? What's your hope for the future?

MN: We're still working on our end-of-year push to get more people to paint tiles, but we're hoping to grow the project and have the project continue for years to come!

National Signing Day

On November 25, 2020, WHS and Ms. Muzio recognized three outstanding student athletes who will be competing in Division I or Division II athletics at the collegiate level next year. We asked them to share their stories with us.

On signing day, students sign a National Letter of Intent, which is a binding agreement indicating the student is committed to attend and play for the college, and the college agrees to support the student with athletic funds for at least one year.

Kylie DuCharme
Basketball

What college will you be attending?
Bentley University

What was the highlight of your WHS athletic career?

Either winning the league my jr year or scoring 1000th pt and getting my 1000th rebound

Is there anyone you'd like to thank?

My family, coaches and teammates for all that they have done for me

What did you learn from participating in WHS athletics?

How to be a better person

What are your hopes for your college athletic career?

To get better

What do you plan to do after college?

Not sure yet

Shannon Murphy
Lacrosse

What college will you be attending?
Colorado Mesa University

What was the highlight of your WHS athletic career?

Placing third in shotput at the MSTCA Indoor track relays my junior year

Is there anyone you'd like to thank?

My goalie coach Rachel Ortell. She's one of the best coaches I've ever had. In just a year of working together she taught me things I never even knew about lacrosse and pushed me to achieve things I never thought I could have.

What did you learn from participating in WHS athletics?

Learning to persevere through loss and enjoy every moment with your teammates.

What are your hopes for your college athletic career?

I want to help my team win the division championship and maybe break some school records.

What do you plan to do after college?

I hope to pursue a career in physical therapy. If possible I would like to keep coaching maybe even collegiately.

Sean Riley
Track
Cross Country

What college will you be attending?
University of Massachusetts - Lowell

What was the highlight of your WHS athletic career?

Winning two state trophies with the boys, I don't think I'll ever forget that feeling of accomplishment.

Is there anyone you'd like to thank?

I'd like to give a big thank you to Michael Kinney. He's a great coach on the track and in life. Also, he's a great Microeconomics teacher on the side. Sometimes I wish he'd give us less homework, though!

What did you learn from participating in WHS athletics?

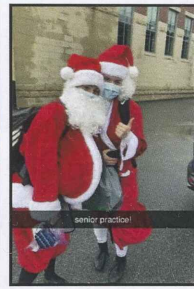

The daily grind becomes a whole lot easier when you're surrounded by coaches and teammates that you can trust and talk about anything with.

What are your hopes for your college athletic career?

Run at the NCAA championships, and win an America East Conference title.

What do you plan to do after college?

Honestly, I would be lying if I said I knew what I want to do as a job after college. All I do know is that wherever I end up, I'd like to be happy, and since running is something that makes me happy, I'll continue to do it for as long as I can.

We asked seniors...

During high school, what was the best moment in WHS athletics?

Aidan McGrath said...
Probably senior day for soccer.

Ryan Forcina said...
My last home basketball game against Stoneham. I blocked a guy, which caused him to fall into another guy. I also scored a three-pointer to the sound of my cheering teammates.

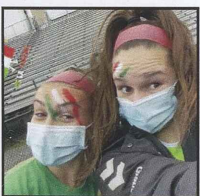

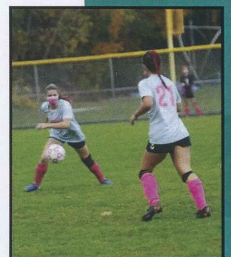

Annabelle Kane said...

National Merit Scholars

In mid-November, WHS recognized three outstanding seniors who have earned recognition in the National Merit Scholarship Program.

Based on their scores on the College Board's PSAT/NMSQT in their junior year, the students are recognized as Commended Scholars (top ~50,000 testers nationwide) or Semifinalists (top ~16,000 testers nationwide). A portion of Semifinalists go on to be named Finalists. Students may also earn scholarship funds. We asked our National Merit students to tell us a bit about their experience.

Miriam Nelson
Semifinalist

What did you think about the PSATs?

JD: The PSAT test was better than expected, but definitely still a challenge.

AH: To be perfectly honest, while I wouldn't say the PSAT was easy, I did not find it that hard, either.

MN: I totally dreaded the idea of taking them, but once the timer was going and I got in the groove, it was fine.

How did you prepare for the test? Did you study or sleep or eat differently?

JD: I took some practice SATs in preparation for the test. A good night's sleep and delicious breakfast were also essential.

AH: I didn't actually study specifically for the PSAT, so mostly I just carried with me the knowledge I learned in class to the PSAT. I did get a good night's sleep, and I ate a healthy breakfast beforehand. My parents make "MCAS breakfast" before any major test: scrambled eggs, sausage or bacon, toast, strawberries, and milk.

MN: I would not recommend doing this, but I didn't do any preparation besides taking one practice test a couple days before the exam. I also took it both sophomore and junior year, so that helped.

Many students had difficulty scheduling the SAT because of the pandemic. Did you take it?

JD: Yes, I did.

AH: I never had the opportunity to take the SATs, though not for lack of trying - I was scheduled for it 5 different times.

MN: No, my SAT was cancelled 4 times.

How did the pandemic affect your college application process?

JD: The pandemic made the college application process more challenging because there were more uncertainties.

AH: The pandemic affected my applications for the better and worse - on one hand, I was unable to take SATs, which I had hoped would bolster my applications, but on the other hand, I've generally been doing better at school while remote, so my improved grades made my application look better.

MN: Honestly, because the pandemic shut down my sports and work, I think it may have actually helped the college application process because it gave me time I wouldn't have otherwise had to work on my application.

What did you think when you found out you were a commended scholar?

JD: I was happy that I was a commended scholar. I also felt that I needed to put in more effort and improve my skills for a better SAT score.

AH: I was quite surprised; while I felt pretty confident about the PSAT walking out of it, I certainly didn't expect to have done as well as I did! And I forgot to tell my parents; they found out from a high school tweet.

What college are you planning to attend?

JD: I am planning on attending Carnegie Mellon University for Computer Science.

AH: I haven't decided on where to go to college quite yet... I'm probably going to either UMass Boston or Suffolk University.

MN: I committed to Harvard! I'll be studying Economics and Government.

Winter

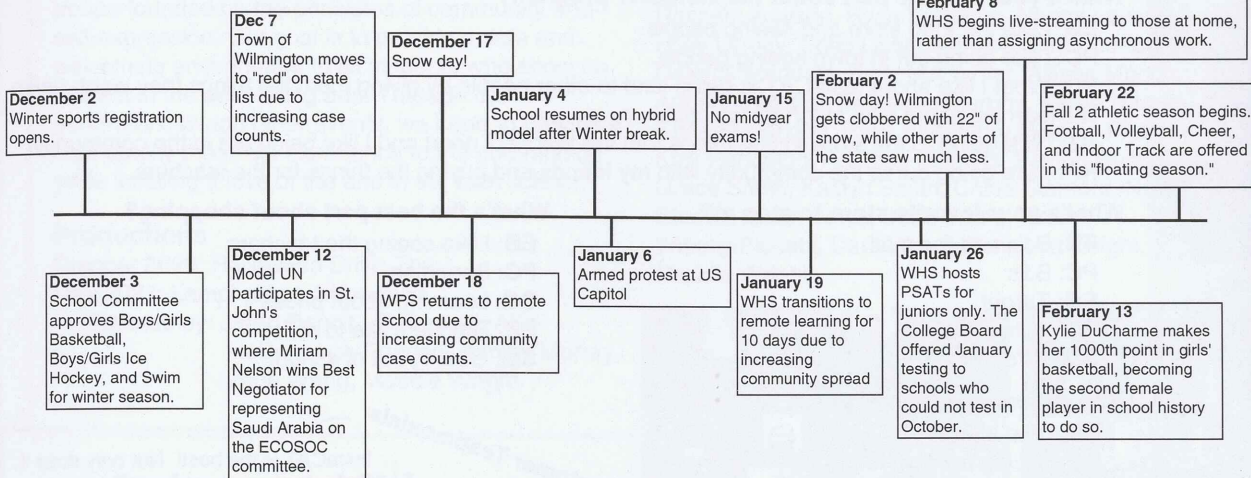

December - February

Winter came slowly but surely. December found us transitioning again to remote learning due to an increase in cases and quarantined students. Transitioning to all indoor activities proved difficult, as the winter athletic teams had to adjust to changes to practices and game protocols. The academic calendar was also changed- we loved our first January without mid-year exams!

InstaCAT Deliveries

As the school year continued, it became obvious that things weren't going to be "normal" again for a while. For Diana Hill, Special Education teacher, this presented a unique challenge. Her students usually spend time each week out in the community, learning skills to help them navigate the world around them.

This year, to keep her students engaged, and to meet the needs of teachers, Mrs. Hill came up with an idea- InstaCAT deliveries! Her students took orders from teachers for items that could be purchased at four different stores. Throughout the week, they visited these stores and then delivered the items to grateful faculty!

What's your favorite part about the InstaCAT program?

EB: I like the food store and seeing people.

PC: I like going out in town seeing people.

SG: What I like about InstaCAT is being kind to other people by giving them the things they want. I also like learning about how much things cost.

SZ: I like going to the store to find things that the teachers need and I like being out in the community.

NP: I like going out to the community with my friends and buying the things for the teachers.

What's your favorite store to stop at?

EB: BJ's and the mall

PC: BJ's

SG: Target

SZ: BJ's

SM: BJ's

What's the best part about shopping?

EB: I like seeing the teachers

PC: Shopping

SG: Learning about prices

SZ: Teachers like to order

SM: Getting out of school

Any memorable moments?

EB: I like all of it

PC: Buying my own lunch

SG: Buying a money tree

SZ: Buying a money tree

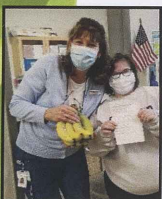

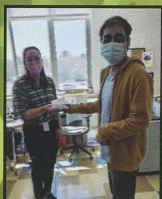

SM: Buying my own sweatshirt

Customer Testimonials

InstaCAT is the best! Not only does it save me time weekly on grocery or post office trips (that I'll likely never get around to anyway!), but it also saves me money. The post-grad students shop around for the best prices! I also love saying hello to whoever delivers my goods each day. It's a great community builder! I hope this service continues into next year and beyond. - **Mrs. Serreze**

InstaCAT delivery service has been such an enjoyable and convenient experience. The order form is quick and easy to use and, best of all, the items are delivered to my classroom by a smiling student that afternoon! If the item is not available, the team is quick to reach out to find a replacement option. The students are learning wonderful real life skills through this program and I get to receive the inevitable forgotten grocery item. Keep up the good work! - **Mrs. Rokobauer**

The InstaCAT Delivery Service team has done an incredible job this year helping staff members by running errands and always delivering with a smile. The services that the team provides are extremely helpful. Their efforts allow the staff to spend more time educating, supporting, and helping other students. We can't thank the WHS InstaCAT Delivery Service team enough for all they have done for Wilmington High School this year. - **Mr. Carroll**

For those that don't know about Academic Decathlon, what do you guys do?

Everyone competes in seven categories: science, social science, math, literature, economics, music, and art. Non-alternates also compete in the essay, interview, and speech categories. Participants are split into one of three sections based on their grades so a C student doesn't directly compete against an A student. Medals are awarded to those who place in each category and also overall. Only in the first competition can non-alternates place. Every year we have a different theme which the first 7 categories get built around.

What got you interested in Academic Decathlon? Why did you join?

I saw it in the activities fair my freshman year and chose to join because I thought it would be good for college. I stayed because I really like the little community, it gave me the opportunity to go to other schools and colleges, and because it was an opportunity to grow as a person.

How many years have you been doing Academic Decathlon?

I'm a senior so this is my fourth year.

What was your role for your fall competition or your February competition?

For the February competition I was a non-alternate. So I did the first 7 categories (the objective tests like science or economics) and then completed my speech and interview later. It was all online this year, but the speech and interview were nerve racking as usual because those aren't my strengths although I am improving.

What was the outcome of your competition?

Our February competition is regionals (if I recall correctly. There's a website if I'm wrong.) and the March one is states. After that is another competition that has taken place in Alaska one year and maybe in another country the other. If you as an individual score in the top 5 then you get an award. Teams that do the best get to move onto the next competition although I'm not sure what you need to be to qualify. We qualified for states.

How was this year's competition different from other years?

It was online so we lost some of the fun stuff we enjoy every year like exploring and eating lunch together. The competitions are held in schools so it's a very safe environment that we usually explore. Competitions have long breaks because there's so many students so we have lunch together as well. States are usually held on college campuses; we've been to Harvard and MIT and we usually get to explore parts of the campus, but not this year!

What have you learned from doing Academic Decathlon?

Personally, my social skills have improved but that had more to do with the club than the organization. My speech and interview skills have improved a lot and I'm grateful to have had my first few interviews with academic decathlon vs at a job or with a college. I've also gotten to learn about the themes each year.

Do you get nervous to compete? Do you have any good luck charms?

I get very nervous for the speech and interviews. I don't usually get nervous for the essay but that's because we do the essay a week or two before the actual competition so it always catches me off guard a little. I don't have good luck charms but we did buy t-shirts after having a bake sale.

What kind of students should join Academic Decathlon? How do new students get involved?

Anyone who wants to join or compete should join. As I mentioned earlier, A students and C students don't compete against each other. In terms of grades, you're up against people at a similar level to you. So anyone can join and do really well. Also, the ideal team has 9 non-alternate students (which is also the max of non-alternates we can have)- 3 in the honors category, 3 in the scholastic category, and 3 in the varsity category. So students of all grade levels are needed to give us the greatest advantage. So when we say everyone is welcome, we really mean it.

For those that don't know about Model UN, what do you guys do?

In Model UN, students become delegates, each representing a country in the United Nations. We also do conferences modeling other deliberative bodies, including the US Senate, the Massachusetts House of Representatives, or even the Wilmington School committee. We debate historical issues and issues that are relevant to us today.

What got you interested in Model UN? Why did you join?

I have been interested in politics and government for long time and Model UN was the perfect opportunity for me to get more experience with that. I think it's good for people who aren't interested in politics too, though, because it's just super fun, fast-paced, and builds valuable public speaking and problem-solving skills.

How many years have you been doing Model UN?

I've been doing MUN for 4 years.

How was this year's competition different from other years?

This year was different because we had to hold our conferences virtually instead of in person like we normally would. We still had a lot of really great conferences, though, and we even had a guest speaker: Representative Robertson recently joined one of our conferences on the Massachusetts House of Representatives when we were debating the Massachusetts climate bill.

What have you learned from doing Model UN?

I can't write enough about what I've learned from Model UN. The best people do MUN and the conferences have been some of the best experiences of my life. I honestly think I've learned so much more from MUN than I have from any of my classes. Self-confidence, public-speaking, cooperation, and problem-solving are just a few of the skills I've learned. It's one of the biggest extracurriculars world-wide.

What kind of students should join Model UN? How do new students get involved?

I strongly believe that everyone should join MUN. One beauty of politics is that it's interdisciplinary. One conference we may be debating science and the next we may be debating war or human rights or traffic. It's really easy to get involved, too, because nothing we do is cumulative. You can join any conference and pick up right where everyone else is.

Anything else you want to share with us?

I have really enjoyed MUN this year, even though it's been virtual, we've had a lot of new involvement and the new members really stepped up. I am super grateful for the other officers and other members of the group who have stepped up to lead, including: Angelyn Ciampa, Parker Howlett, Cara Wong, and Jacob Haerer. I can't wait to hear about how the club will grow in future years even after I've graduated.

For those that don't know about Soundscape, what do you guys do?

HP: Soundscape is a co-ed, mixed acapella group that performs at different town and local events such as pep rallies, award ceremonies, March-a-pella, Wilmington Festival of Trees and the Tree Lighting, etc.

What got you interested in Soundscape? Why did you join?

HP: I have always been involved in musical theater and our Lamplighters Drama Guild since middle school and all throughout high school. I decided to audition for Soundscape my sophomore year to sing more and be apart of a cohesive group. The group has become like a second family to me where we can just have fun singing songs we love together.

How many years have you been doing Soundscape?

HP: I have been in Soundscape for three years. My sophomore year, I was a soprano and then during my junior year, I transitioned to an alto.

MQ: 4 years

AC: This is my first year, I am an alto 2.

How was this year different from other years?

HP: This year was extremely different because at the beginning we could not meet in person to sing so it was a challenge trying to sing songs together virtually. A capella is all about listening to one another to match the beats and notes, but that was hard to do through a computer screen. However, we were finally able to meet in person and connect to sing through the songs we learned on our own.

MQ: We started off doing things virtually, learning our parts on our own to songs and focusing heavily on vocal techniques online. We would record our parts separately and our director would put our parts together so we could listen to what we created. We are now allowed to rehearse in person, but need to be masked and 10 feet apart which does come with its own set of challenges.

What have you learned from doing Soundscape?

HP: I have learned so much about myself and how I work in a group setting as well as how to lead a group throughout my senior year even in the challenges of a pandemic. Soundscape will always have a special place in my heart even when I move on to the next chapter of my life and I hope to do more singing and theater throughout college.

MQ: I have grown significantly as a musician in my 4 years in Soundscape. I have learned a lot about collaboration and have gained a lot of confidence performing which has translated to my everyday life.

AC: I have learned how to hold my part while singing, improved my lower register while singing, and learned new ways to help my voice stay healthy.

What kind of students should join Soundscape? How do new students get involved?

MQ: Soundscape values hard work and the willingness to learn and grow. All that is needed is the ability to sing, and it doesn't have to be perfect. You gain many skills during rehearsals that help shape your voice.

AC: Anyone can join Soundscape. There is an audition to join at the beginning of the school year. You will learn how to sing or improve your singing in Soundscape so everyone who is interested should audition.

Did you do any performances this year?

AC: We have not done any performances yet, but we have put together many songs by sending recording in that we can play anywhere.

Anything else you want to share with us?

MQ: Mr. Lebrun has worked very hard for all of us in Soundscape and in theater this year, and we all appreciate and value him a lot. He is an amazing music teacher and I am very glad Wilmington has gained such a dedicated and caring music teacher.

Mission

DECA prepares emerging leaders and entrepreneurs for careers in Marketing, Hospitality, Finance, Business Management, Leadership and Entrepreneurship. It provides students an opportunity to explore an aspect of the business world and make vital connections with people from all around the world. Wilmington High DECA members have the opportunity to compete in 3 levels of competition throughout the DECA year. WHS is a member of Massachusetts District 4 which competes every December. Students who advance to the next level of competition attend the Massachusetts State Career Development Conference ("States") in Boston for 2 nights and 3 days in February or March. The final competition opportunity of the year is the International Career Development Conference (ICDC), which is held in April each year. ICDC 2022 will be held in Atlanta Georgia.

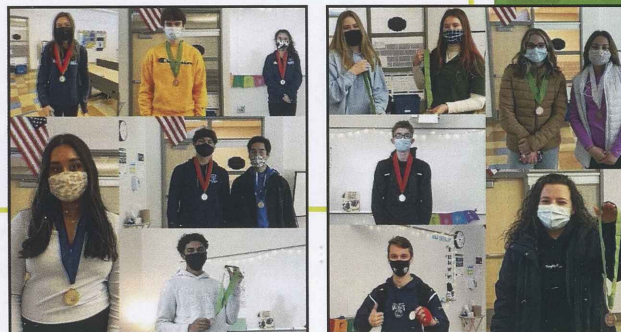

Highlights

35 students qualified for the State Conference, and 8 for ICDC!

Mission

"Expressions," Wilmington High School's Art and Literary Magazine, showcases the art, poetry, fiction, and other creative work of students in grades 9-12. "Expressions" is open to all students interested in the planning and production of the publication, which comes out each spring. Students will solicit submissions, participate in layout decisions, and help to develop a magazine that they and their classmates can enjoy.

Mock Trial

Advisor: Mr. Riley

This year, clubs and activities had to run virtually, which meant many weren't able to meet. However, there were some that tried to keep up with regular activities, including Mock Trial. We asked students to tell us about it. Here's what they had to say!

For those that don't know about Mock Trial, what do you guys do?

JB: Mock Trail is a team that competes against other teams in a legal trail as both prosecution and defense.

EG: We get a case packet given to all the competing schools and we assign ourselves roles and learn our roles and the case to prepare for our mock trials.

What got you interested in Mock Trial? Why did you join?

JB: I watch Law & Order, and the rest is history.

EG: I'm interested in the law and I thought it would be a fun way to learn a lot more about it and practice some of the aspects of being involved in the law.

How many years have you been doing Mock Trial?

JB: 4

EG: This is my second year.

What was your role in the recent competition?

JB: I was the cross-examiner of Reggie Fischer

EG: I was a witness, the person that was in the self-driving vehicle that hit the woman. My role was to answer the questions from my attorneys to prove that the self-driving vehicle and lack of care by the car's company was at fault.

What was the outcome of your competition?

JB: We won the last trial. We are judged on Questions, Execution, Confidence, and Knowledge.

EG: We have only had one competition so far and we won on merit, meaning us, the defense, was found innocent, but we just came under the other team points-wise.

How was this year's competition different from other years?

JB: This year, we're on Zoom!

EG: We did the trial fully virtually, on Zoom. It's really fun going to the court room and doing it there, but it went pretty smoothly on Zoom and we were still able to have a good time.

What have you learned from doing Mock Trial?

JB: I have learned a lot about how little clues and small mistakes can make a big difference.

EG: I have learned so much about what being a lawyer is actually like, and I've learned so much about how the process of a trial is and all of the specific legal rules in court.

What kind of students should join Mock Trial? How do new students get involved?

JB: Any student who wants to learn the basics of the legal system!

EG: If you're interested in Mock Trial all you have to do is talk to one of us and you can join the Google Classroom. I think Mock Trial is pretty difficult and requires a lot of time and effort being put in, but it's really fun if you're willing to put in the time and effort.

Anything else you want to share with us?

JB: There are many times that you go off of the questions and it's always wrong! One example is I went on a 5 minute rant about vaping!

From Mr. Riley

The Massachusetts Bar Association's Mock Trial Program offers high school students, from across the state, an opportunity to test their skills as lawyers and witnesses in a simulated courtroom competition. Throughout the competition, students learn about the fundamentals of the American judicial system and how it can impact their lives.

Mission

The WHS Mentor Program is committed to welcoming incoming freshmen and new students to Wilmington High School and helping to ease the transitional process. By bringing together diverse groups of students in a social environment, we will create a positive school climate that will help acclimate new students to the community. By working with WHS administration, guidance counselors, teachers, coaches, and advisors, we hope to educate students about all the opportunities that our school has to offer. Our mentors will serve as a support system and will facilitate communication with new students and encourage them to meet our school's academic, social, and community expectations.

Highlights

One of our main highlights from this year was our Virtual Freshman Orientation! We were so glad that we were able to help guide the Freshman to get acclimated to a new school during such a challenging year. Our mentors also spent time completing projects such as the Health and Safety Videos and the reopening decoration of the white boards in the building.

We asked our winter athletic captains to tell us a little about the season, and their hopes for the team. Here's what they had to say!

Tell us about try-outs!

ZD: Tryouts this year was a lot of fun. It's the sign of the season starting and it's the best. It was a lot different though. We don't have locker rooms so we were changing in the parking lot. We all have masks on so you can't see people's facial expressions as well.

JS: Our tryouts went well! We were able to do the same drills we have done in past years and it was great to see everyone out on the court again. This year tryouts were not held as long as they usually are.

KD: Tryouts went great, a lot of great players with tons of talent and great effort. Tryouts were definitely different alot of sanitizing and smaller group stuff.

ER: The swim team doesn't have tryouts! It doesn't matter if you're an experienced swimmer, or a newbie, there is always a spot for you!

What's different about playing WHS sports during the pandemic?

ZD: You don't get to go watch your friends games and you don't have anyone watching your games so that part is very sad.

JS: Theres no fans to watch or cheer us on as we play. The support of our friends and family while playing is so appreciated, so it is very different to not have any spectators at our games.

KD: The 3 practices a week, the masks and playing a team back to back.

ER: One difference this year due to COVID was not having the other team physically there at the pool with us for meets. The meets were "virtual," meaning each team would swim at different pools and send in their times. This was tough for everyone, since that competitive atmosphere wasn't completely there, and you didn't have the other team's swimmer going against you in the lane next to you. Another difference this year was no cheering was allowed. (...) This made the meets a lot more quiet. (...) What I think was the biggest difference was having no spectators. Thankfully, parents got to time certain meets, so they could see their kids swim. However, it definitely was sad not having my friends and family in the stands. The more cheering, the better in my opinion, so this was tough on a lot of swimmers.

Additional Captains

What are your hopes/goals for your team this season?

ZD: My goal for this season is to have a winning record.

JS: To win the rest of our games and to stay positive even when things get tough.

KD: To stay safe, to remain positive, and to just have a great year and be appreciate every moment.

ER: I knew this season would be tough considering the circumstances with COVID and all, but I really just wanted the season to still be fun for everyone. Non-COVID seasons are an absolute blast, even with the 5:00 AM practices, so I was really hoping my team and I could have the same if not more fun this season. In my opinion, the season was extremely fun and upbeat despite the COVID regulations. Everyone showed up to practice with a positive mindset, and we tried to make the practices/meets as normal as they could be. We had many people swim best times, or beat their PRs they've been trying to beat for years. I for one had a blast with all of my teammates. There were MANY laughs and fun memories made. It shows how fun this team is, and what an amazing group of kids we have.

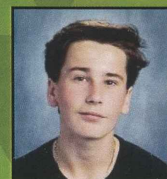

What has been the highlight of the season for you?

ZD: We went out for dinner before our second games as a team and it was a good bonding moment since we don't have a lot of that this year since we don't have a locker room or buses.

JS: We were all able to get together and do a team bonding exercise, where someone came in and did a team bonding workshop to help us really bond before our season started.

KD: I think just being with team and enjoying every moment we get.

ER: The final meet was my favorite night, and I feel a lot of my teammates can agree. There were MANY best times being swam that night. I personally swam a great 100 butterfly, which was unexpected for me coming off a year of not swimming. The overall vibes of the meet was incredible. All of the seniors swam fast and with determination. The meet in general was one of my most memorable meets in my swimming career.

We asked our Fall 2 athletic captains to tell us a little about the season, and their hopes for the team. Here's what some of them had to say!

Tell us about fall 2 try-outs!

AM: We didn't have any real try-outs for the track team, but it was fun to compete with the guys and see people rise to the occasion and earn themselves spots as varsity runners. Having not run in over a year competitively, it was great to get back out there. I would say the main difference was obviously wearing the masks. I like how our meets and most of our practices have been outdoors. I always like using the outdoor track better and I feel like we are able to get better workouts in outside.

JH: They were good! We had a ton of new girls who have a lot of potential. They were less strict this year. Usually we learn a cheer and have to perform it with our tumbling, but this year there wasn't an "audition" but more the captains teaching cheers. It feels weird practicing in the spring.

What are your hopes/goals for your team this season?

AM: Our main priority as a team was and still is to win the league. We lost our first meet to probably the best team in the league (Burlington), but rebounded with a win against Wakefield.

JH: I'm hoping that we are able to hit at our competitions and stay clean.

SJ: This year we have a strong core of athletes across the different events. We hope to go 5-0 and become league champions despite our tough competition.

What's the highlight of the season for you so far?

AM: I would say the win against Wakefield. Personally, I had a bad meet, but what's great about being on this team is that I have complete faith in my teammates to perform well, and that's exactly what happened. We also hadn't beaten them in 5 years, so beating a perennial league powerhouse was definitely a good feeling.

SJ: At the second meet of the season, we beat Wakefield at a tough meet. This is the first time since I joined that we beat them, and it was an amazing team effort.

After you graduate, what will you miss about your team/sport?

AM: I will miss the bonds I've created with my teammates, many of whom I've known for the last four years and beyond. I'll miss the coaches as well, as I've learned a lot from them. They are not only great coaches, but great human beings. The team camaraderie is what I'll miss the most, though. Thank you to my teammates and coaches, as well as the parents who show up to cheer us on and take pictures... They motivate me not only to be a better athlete, but a better person.

JH: I'll miss everyone on the team. The girls, the coaches, and the community of cheer in Wilmington.

SJ: The team is made up of a great group of guys, and our great coaches, Kinney and Patrone. I'll miss competing with them; there's been some great times.

Senior Day - Athletics

One of the best days of every athletic season is senior day! Here's a look at how the teams and parents celebrated students in their final year of competition!

365 Days Later...

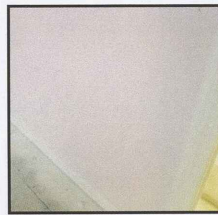

March 11, 2021 officially marked a year since Dr. Brand emailed everyone to tell them the school would be closed for a few days for cleaning. Little did we know where we'd be a year later! Here's a look back at some of the major events in MA. We asked students to tell us what the pandemic experience was like for them, and here's what we learned.

Room redecorating

With so much time spent at home, some students decided to redecorate their bedrooms.

Juliana Ragucci '24 painted her room a bright magenta pink and got new furniture. It took about three days, but her parents loved it.

Angel Gallo '23 painted her room pink too! It took a few weeks to finally get the work done, but the result was a nice change of scenery.

When we asked seniors about popular quarantine activities, they said: watching Tiger King, Tik Tok dances, eating, dying hair, redecorating, learning new skills/hobbies, FaceTiming with friends, and watching TV

March 11, 2020

Dr. Brand notified families school would be closed for a couple of days for cleaning.

March 18, 2020

We surveyed students about the school closure. At that time, 43% of students guessed we'd be back by May, 38% guessed we'd be back by August.

March 23, 2020

Governor Baker announced a stay-at-home advisory until April 7.

April 18, 2020

MA opened its third field hospital

March 15, 2020

Governor Baker ordered all schools closed for three weeks

March 20, 2020

MA's first fatality due to Covid-19

April 2020

Governor Baker canceled MCAS testing for the first time.

April 21, 2020

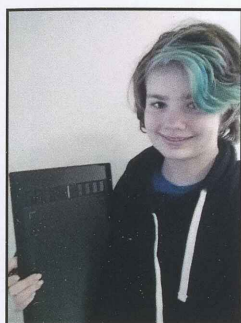

Governor Baker announced students will not return to school in person for the remainder of the school year.

New Skills and Hobbies

While the pandemic kept most of us at home, students took the opportunity to learn new skills and develop new hobbies.

Trinity Mtileni '21 perfected her baking skills after getting inspired by videos on TikTok

Sophia DeHart '24 picked up digital art and animation after seeing a lot of animators out on the internet and thinking, "I want to do that!"

Rachel George '23 started baking after finding an easy cookie recipe online. Even better, the cookies came out well, and it was fun.

April 28, 2020

Governor Baker extended the stay-at-home advisory until May 18

May 28, 2020

Some businesses were given permission to re-open, with restrictions

May 6, 2020

Governor Baker ordered all MA residents to cover their faces in public when they can't maintain 6' of distance

June 7, 2020

WHS hosted a "drive-up" graduation, where the Class of 2020 drove to the teacher parking lot to receive their diploma and have photos taken

Hair Color

Hair dye was a popular quarantine distraction. Pink and red proved the favorite color choice. And what was the reason for the change? All of the girls said boredom!

Kiara Nadeau '21 colored her hair three times during quarantine! The first time, she did it herself. Then she had a friend help. She says her mom did not approve of the green!

Red (April)

Purple (September)

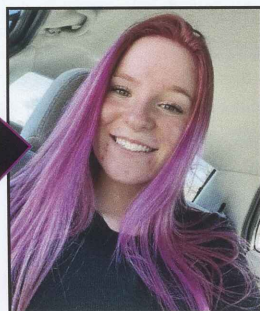

Green (November)

Chase Andersen '21 dyed her hair hot pink in December. Her friend Anja helped, and it was surprisingly easy. And her parents? They thought she was crazy.

Allie McDonough-Padden '21 picked red in July. She did it herself, and when she couldn't find a brush, she had an Ariel moment, using a plastic fork to get the job done. She had always wanted to try dying her hair. And her parents loved it!

Abigail Murray '21 opted for pink in April. She had her family help, and it was super messy. When we asked her why she did it, she replied, "YOLO!"

Grace Walsh '24 had her sister help dye her hair pink in May. She was surprised when her parents actually liked it.

For **Ashley Murray '21**, hair color is a serious business. She has dyed her hair a different color every month since April. Her sister is a hairdresser, so she does it. It's been blonde, green, blue, pink, purple, orange, then brown, back to orange, and back to pink. She has always dyed her hair, but quarantine gave her a chance to get really into it. And it helps that her parents don't care at all!

Reflections

We asked seniors to tell us about their experience during the pandemic. Here's what some of them had to say.

Featuring...

Alex Vale

Ryan Forcina

Tori Gemellaro

Aidan McGrath

What's one positive thing that has happened because of the pandemic?

AV: My boyfriend

RF: The limited time I got to spend with people other than my family. It made me appreciate the time I spent with my friends, teammates, etc. more.

TG: I have gotten into a good workout routine.

AM: I have had to work hard to develop a routine and work on improving my habits.

What do you miss most about pre-pandemic life?

AV: Seeing all my friends in school at the same time.

RF: Going out without having to wear a mask.

TG: Being able to see my friends and not have to worry if they have covid.

AM: I miss hanging out with friends the most.

What is the best thing about hybrid/remote school?

AV: We don't have to be in school every day.

RF: Having the ability to work at my own pace and having more time to myself.

TG: Nothing.

AM: Being able to get snacks whenever I want.

What is the worst thing about hybrid/remote school?

AV: Not seeing all my friends.

RF: Not being able to talk to my friends in the hallway.

TG: Not being able to see my friends.

AM: Not being able to have face-to-face interactions with my classmates and friends every day.

How are you staying connected with friends if you can't hang out in person?

AV: Facetime or seeing each other at school.

RF: Online group chats, usually playing online games like Jackbox.

TG: Facetime.

AM: Facetime, hanging out outdoors, texting, etc.

These answers came from the Senior Interview that we posted to Google Classroom. We also received some responses from Annabelle Kane, Abigail Murray, and Alessia Puccio. Additional questions and responses are spread throughout the book.

Virtual Talent Show

The Class of 2022 hosted a virtual talent show this year. Students pre-recorded material and submitted it. It was then compiled into a short video and uploaded to YouTube. The show "aired" on Friday, March 26 and included 8 acts. Whether in person or virtual, the show must go on!

WHS String Orchestra - Cohort A
Rolling in the Deep - by Adele

WHS String Orchestra - Cohort B
"Eleanor Rigby" by The Beatles

Charlie Cameron '24

Singing and playing ukulele an original song "The Rain"

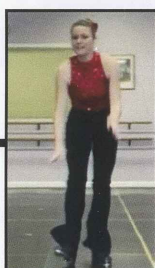

PSA - Vaping

Audrey Curdo '22

Tap Dancing

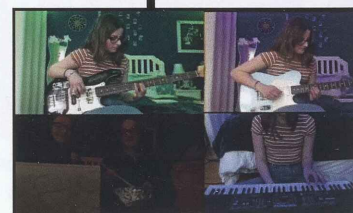

WHS WILDCAT BAND PERFORMS "CRAZY LITTLE THING CALLED LOVE"

Sofia Almeida '23 and Emily Gray '23

Instrumental Cover of "Circles" by Post Malone

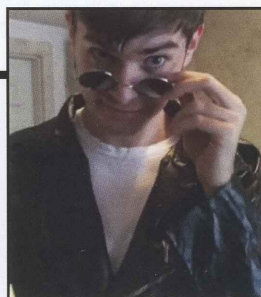

Diana Hill - Teacher

Singing and playing ukulele to "You'll Be Back" by Lin-Manuel Miranda from the musical Hamilton

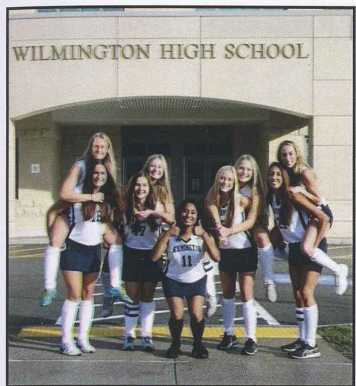

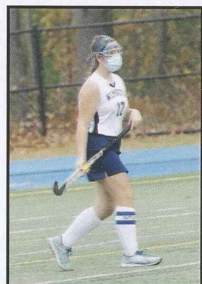

Ryan Forcina '21

Lip Syncing to "Are You Gonna Be My Girl" by Jet

Results

First Place: Ryan Forcina
Second Place: Audrey Curdo
Third Place: Sofia Almeida & Emily Gray
Honorable Mention: Charlie Cameron

We asked seniors...

What do you think your generation will be remembered for?

Aidan McGrath said...

I think our generation will be remembered as one who persevered through difficult times and found a way to rise above every challenge we faced.

Abby Murray said...

Vaping, the pandemic, standing up for what we believe in, being sensitive

Alex Vale said...

Being rebellious and getting rid of rich, white, straight men.

What's Next?

On the back cover of this book, we ask the question, "What's Next?"

The 2020-2021 school year has left us with so many questions about what's next, in all different aspects of life. For the yearbook, we wonder what events will happen in the last few months of school. For the seniors, will there be a "normal" graduation? Or prom? And where will they go next year? Will they go to college? And for the staff, what will next year be like? Will we wear masks to school?

For The Hourglass:

At the time of publication, we already know we are expected to return to school in person before the end of the year. We just don't know when.

Spring Sports will be starting soon, with Baseball, Softball, Lacrosse, Tennis, and Track & Field slated to return for the first time since 2019. Wrestling and Cheer have also been approved to move forward with a Spring season.

No matter what happens, The Hourglass will be there, collecting information and photos for inclusion in next year's yearbook!

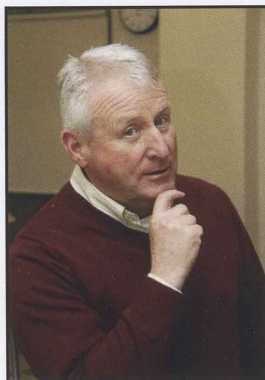

For WHS Staff:

Just as it has been tough for students, this year has been tough on teachers. With so many changes happening all the time, it seemed difficult to plan more than a few days in advance. While we don't quite know what next year has in store, we know that some of our teachers have already made plans... for retirement!

**Congratulations &
Best Wishes!**

Mrs. Mary Sullivan
Math

Mr. Steve Lynch
History

For the Class of 2021:

We don't know yet if there will be a prom for the Class of 2021, or what graduation will look like. But, we know that most of the seniors will go off to college - on average, 85% of WHS seniors go on to attend a 4-year college after graduation. But enough about all that - let's just focus on what's right ahead of us. Summer! We asked some seniors to tell us about their summer plans, and this is what they said.

Tori Gemellaro said...

I want to have fun with friends and go to the beach.

Alex Vale said...

I'm planning to hang out by the pool all summer!

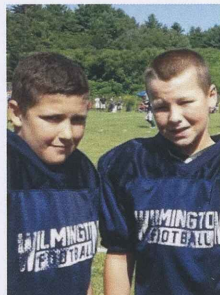

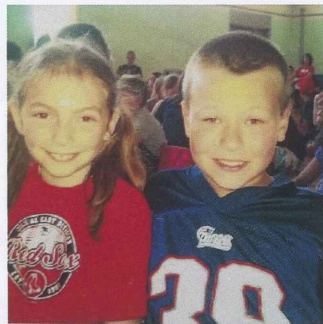

Aidan McGrath said...

I plan on working during the summer and most importantly, making the most of my final moments before college by doing outdoor, COVID-friendly activities.

Business and Parent Ads

Each year, we sell space in the yearbook to local businesses and senior parents. Senior parents submit messages about their graduating student, along with photos and messages of congratulations. Take a look at these pages to see what they've submitted!

Best wishes to the Class of 2021, from our local business partners and all of the parents/guardians of our graduates!

Yearbook Publishing Information

The 2021 Hourglass was produced by the yearbook staff at Wilmington High School in Wilmington, MA and printed by Walsworth Publishing. We would like to thank Alex Wilson at Walsworth for helping us make our ideas come to life. This edition of the Hourglass is 164 pages. 240 copies were sold at an average price of \$85. There were several fonts used throughout the book, including **Debusen**, Helvetica, and *Arizona*.

The cover was designed in collaboration with a Walsworth Publishing artist, with input from seniors Irene Wang and Aaliyah Abel. Ms. Dickerson determined the organization and color scheme, sticking with traditional blue for the senior section and adding accent colors from the cover design to enhance each season of the year throughout the book.

Photos were supplied by Prestige Portraits and Lifetouch, the Walsworth SnapApp, parents, students (including Olivia Dennett, Jared Benoit, and Julia Stone), and Ms. Dickerson. Because so many events were canceled this year, we relied on students, parents, and faculty to submit photos even more than usual. Therefore, we'd like to thank the hundreds of underclassmen who submitted their own photo after picture day was canceled. We'd also like to thank the parents who submitted athletic team photos since team photos could not be taken by the school photographer.

Our thanks also go to Caroline Gattuso and Mia Muzio in the Athletic Department. They supplied all of the athletic team information, including rosters, highlights, and many photos. We'd also like to thank Dan Fionte and James Brown whose photos were made available to us via the Athletic Department.

And finally, to the Class of 2021 for responding to our frequent requests for information and input as we looked for unique stories to cover and unconventional ways to cover traditional sections of the book. Congratulations and good luck!

The yearbook is a student- and staff-made publication of Wilmington High School. Pictures, interviews, quotes, and statistical data were gathered by Ms. Dickerson and submitted by the WHS community over the course of the 2020-2021 school year before, during and after school hours. Ms. Dickerson gathered content while adhering to the health and safety guidelines outlined by WHS and WPS at the time of capture. Although all community members are encouraged to follow health and safety guidelines at the time of capture, some images submitted by students or parents may contain individuals without masks or less than recommended social distancing.

Although the publication is thoroughly proofread and edited, we sincerely apologize for any omissions, misspellings, misattributions or other mistakes.

JUNE

A Rising Movement. Black Lives Matter protests break out across the nation after George Floyd's death in police custody in Minneapolis. Floyd's death, which followed the deaths of Ahmaud Arbery and Breonna Taylor, sparked national outrage. Controversy arose, however, as some protests turned violent with looting and destruction of businesses. *Photo credit: Newscom*

Fire the Engines. Throughout the month, Americans follow the progress of the SpaceX Falcon 9 rocket on a test flight to the International Space Station. NASA launched the rocket on May 30 from the Kennedy Space Center. It was the first time NASA launched astronauts in a commercially built spacecraft. *Photo credits: Newscom*

Supreme Ruling. DACA recipients and advocates celebrate after the Supreme Court's landmark decision. The court ruled to protect the DACA program from being dismantled and LGBTQ employees from workplace discrimination. It was a summer full of decisions on a wide range of controversial issues. *Photo credits: Newscom*

Short and Sweet. The COVID-19 pandemic drastically shortens the Major League Baseball season to 60 games. Originally scheduled to start March 26 and last 162 games, MLB agreed in June on safety protocols, like empty stadiums, and a July start date. The wild two-month sprint ended with an expanded 16-game postseason. *Photo credit: Newscom*

RISE UP

Creator, composer and lead actor Lin-Manuel Miranda stands center stage during a performance of his hit Broadway musical *Hamilton*. The musical told the story of Alexander Hamilton, one of America's founding fathers. Thousands of new fans discovered *Hamilton* after a movie version of the show, featuring Miranda and the original cast, was released on the Disney+ channel in July. *Photo credit: Newscom*

JULY

Notable Farewells. Americans said goodbye to some noteworthy figures who passed away in July. Among those was John Lewis, congressman from Georgia and famous civil rights leader. Others included talk-show host Regis Philbin, former "Glee" TV star Naya Rivera, actress Kelly Preston, Rev. C.T. Vivian, former presidential candidate Herman Cain and country music legend Charlie Daniels. *Photo credits: Newscom*

Going Pro. After years of debate, the NFL's Washington, D.C.-based franchise announces on July 13 that it will change its name and temporarily be called the Washington Football Team. Increasing pressure to change the team name that many considered offensive led to the decision. The team would work on selecting a permanent name and mascot over the coming months.

A Knight to Remember. Queen Elizabeth II knights Captain Sir Thomas Moore at Windsor Castle in gratitude for his efforts for Britain's National Health Service charities. The 100-year-old World War II veteran originally set out to raise about \$1,300 by walking 100 laps in his backyard but raised \$40 million when his story went viral. The queen arrived after attending a secret wedding ceremony for her granddaughter, Princess Beatrice, and the event marked her first public appearance since the lockdown began. *Photo credits: Newscom*

President West? Rapper Kanye West announces via Twitter on the 4th of July that he will run for president as an independent. The controversial musician only made it on the ballot in a handful of states. Most political analysts viewed his campaign as a stunt to promote his music.

beyond convention

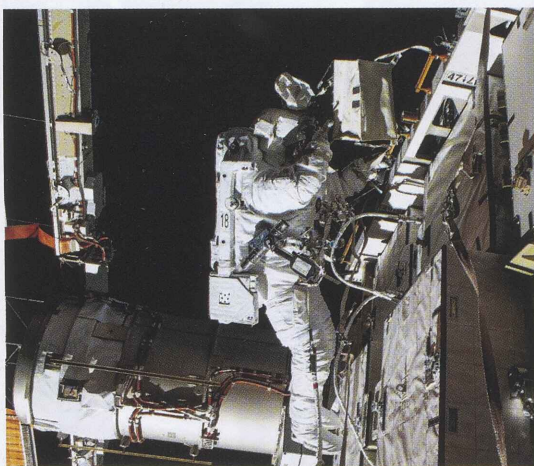

California Senator Kamala Harris makes history as the first woman of color to run for vice president on a major party ticket as she and former Vice President Joe Biden sign ballot paperwork ahead of the Democratic National Convention. The convention was held the week of Aug. 17 as a mostly virtual event due to the COVID-19 pandemic. The Republican National Convention was held the week of Aug. 24 with more in-person events, but it was a scaled down convention with many outdoor events, including President Trump speaking on the White House lawn. *Photo credits: Newscom*

Welcome Home.

Astronaut Bob Behnken, seen here during a June spacewalk at the International Space Station (ISS), returns home on Aug. 2 with astronaut Doug Hurley. Behnken and Hurley spent more than two months aboard the ISS. Their mission was noteworthy because they traveled on a spacecraft built by SpaceX – the first time NASA astronauts piloted crafts built by a commercial company.

Baby Daisy. Pop star Katy Perry and actor Orlando Bloom make headlines when Perry gives birth to their first child on Aug. 26. The couple named their daughter Daisy Dove Bloom. Baby gifts and well wishes came pouring in from celebrity friends and the public. *Photo credit: Newscom*

AUGUST

Wakanda Forever. Actor Chadwick Boseman, who became famous for playing the character Black Panther in the popular Marvel Universe movies, dies on Aug. 28 after a four-year battle with colon cancer. The news of his death was a shock to many as Boseman had managed to keep his illness very private. A public outpouring of condolences and positive memories of Boseman followed the news. *Photo credit: Newscom*

26

Wait for It. NBA playoff games get postponed when all teams involved decide to sit in protest after the Jacob Blake shooting.

Quite a Night. Canadian pop star The Weeknd, seen here performing during a 2017 concert in Copenhagen, is a big winner at the MTV Video Music Awards on Aug. 31. The Weeknd won Video of the Year for his song "Blinding Lights," his first time winning an MTV Video award after being nominated in four previous years. Lady Gaga and Ariana Grande also performed at the online awards show, both wearing masks. *Photo credits: Newscom*

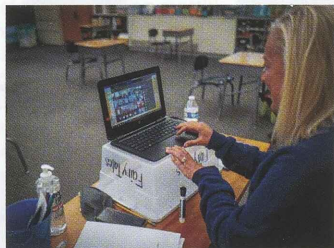

Blast in Beirut. A warehouse storing large amounts of ammonium nitrate at the port of Beirut, Lebanon, exploded in the afternoon of Aug. 4. The blast resulted in at least 200 deaths and more than 6,500 injured. An investigation revealed the explosive material had possibly been stored unsafely in the warehouse for as long as six years.

SEPTEMBER

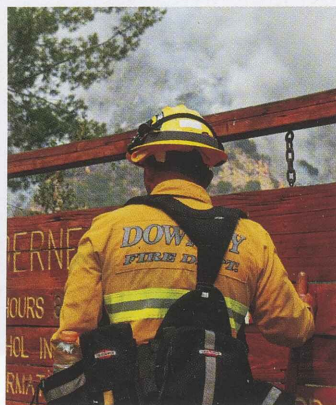

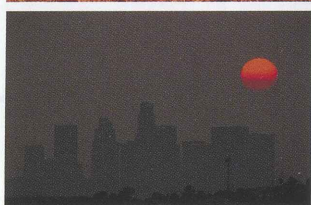

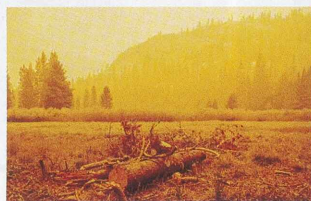

Reading, 'riting, Remote Learning.

A teacher connects with her students through video chat. Continuing concern about the risks of COVID-19 meant districts pushed back their start dates by weeks. Many schools gave the option for remote learning, in-class learning or some combination of the two, while some parents around the U.S. explored the possibility of homeschooling. *Photo credit: Phil Roeder*

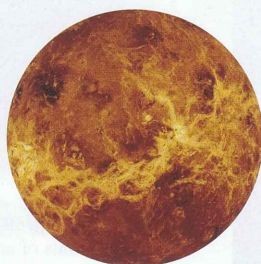

Fowl Mouth.

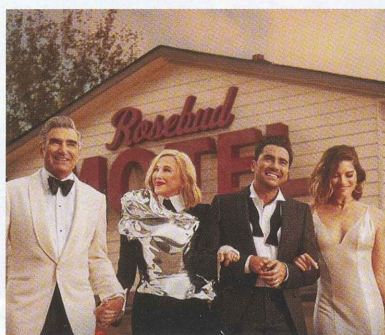

An African grey parrot at the Lincolnshire Wildlife Park sounds off – and its words may be inappropriate. The British wildlife sanctuary removed five parrots from the public area of the park after they began swearing at visitors and each other. Billy, Eric, Tyson, Jade and Elsie were adopted in August, then moved away from public earshot in September. *Photo credit: Newscom*

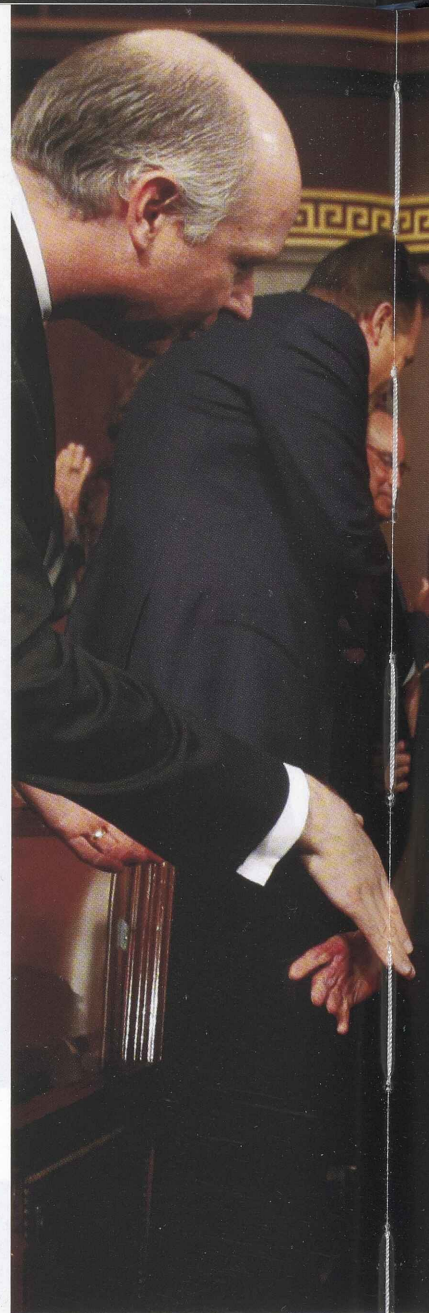

Burning Up. Deadly wildfires sweep through the west coast, destroying homes and businesses, claiming lives and sending smoke as far inland as Michigan. The fires in California, Oregon and Washington claimed at least 35 lives and burned more than four million acres. Due to the poor air quality, the Environmental Protection Agency recommended people use N95 respirators to protect themselves, which were already in short supply due to the COVID-19 pandemic. *Photo credits: Newscom*

Signs of Life. It's possible that the cloudy, hot atmosphere of Venus could harbor life forms. Researchers found the molecule phosphine in the yellow planet's sulfuric acid clouds. This didn't confirm the existence of life on Venus, but researchers said the only explanation for phosphine is that it's being produced by a living being or generated through a chemical process not yet known to science. *Photo credit: Newscom*

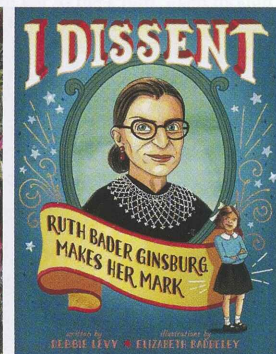

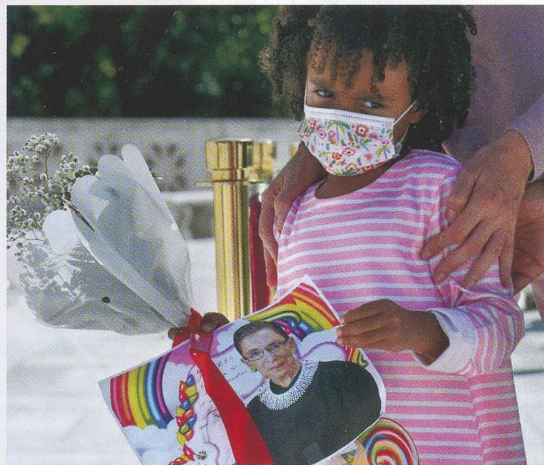

A Clean Sweep. "Schitt's Creek" earns 15 Emmy nominations with nine wins and is the first comedy to sweep all seven major prize categories, including Outstanding Comedy Series. Cast members Eugene Levy, Catherine O'Hara, Dan Levy and Annie Murphy each took home Emmys for their performances. At 24, Zendaya became the youngest person ever to win Outstanding Lead Actress in a Drama Series for her role in HBO's "Euphoria." *Photo credits: Newscom*

THE NOTORIOUS RBG

The nation mourns Supreme Court Justice Ruth Bader Ginsburg's death on Sept. 18 at the age of 87 from complications due to metastatic pancreatic cancer. Over the course of her prolific legal career, Ginsburg argued many landmark cases relating to gender discrimination and was nominated to the Supreme Court in 1993. Known for her dissenting opinions and the collars she wore with her robes – especially her dissent collar – Ginsburg gained pop-culture fame and was often referred to as “RBG.” She was the first woman to lie in state at the U.S. Capitol, and her death raised heated debate over when a new justice should be confirmed with the election so near. *Photo credits: Newscom and Yale Law Library*

Stop and Start.

Oklahoma quarterback Spencer Rattler (7) throws a pass against the Kansas State defense during an early season game. Some of the top leagues, such as the Big 10 and Pac 12, originally decided to forgo the season due to the virus, only to later change their minds and start the season late. Almost every school played games in front of sparsely filled stadiums, with fans spaced out for social distancing. *Photo credit: Newscom*

the wait is over

The Los Angeles Dodgers celebrate after winning Game 6 of the 2020 World Series over the Tampa Bay Rays, 3-1, to clinch their first world championship in 32 years. Los Angeles emerged as the winner of the thrilling series over Tampa, which saw just about every game go down to the last out to get decided. Outfielder Mookie Betts sprinted home from third base and slid safely into home on an infield ground ball in the 6th inning of Game 6 to give L.A. the lead. Photo credits: Newscom

Wait Your Turn. President Donald Trump and former Vice President Joe Biden speak during the final presidential debate on Oct. 22 in Nashville. After a first debate the previous month that was considered by many to be overly hostile and disruptive, the October debate became the first U.S. presidential debate where the microphone could be muted during the first two minutes of a candidate's response to a question. One Tall Reef. Aerial and underwater views show the natural beauty of the Great Barrier Reef in Australia. On Oct. 28, scientists conducting 3D mapping of the area announced they had discovered a section on the northern tip of the Reef that was more than 1,640 feet, or taller than New York City's Empire State Building. The area was a healthy and thriving sea habitat. Photo credits: Newscom and Mike J. Gale

They received many wishes for a speedy recovery, with balloons seen outside the hospital. *Photo credits: Newscom*

A Long Time Coming.

The OSIRIS-REx spacecraft prepares to touch the surface of the asteroid Bennu on Oct. 21, located approximately 200 million miles away from Earth. Originally launched in 2016, OSIRIS-REx successfully collected samples and started its journey home. In another big breakthrough, NASA scientists confirmed they found water deposits on the surface of the moon by using infrared technology. *Photo credit: Newscom*

Not Over Yet. A healthcare worker in Tennessee performs COVID-19 tests at a Memphis drive-thru clinic. COVID-19 cases soared in October, breaking the previous daily records set over the summer, with 99,784 daily cases on Oct. 30. Economic pressure to reopen, individuals relaxing personal safety measures and colder weather keeping people inside all contributed to the second wave. *Photo credit: Newscom*

Look it Up

Merriam Webster dictionary reveals their 2020 Word of the Year: pandemic.

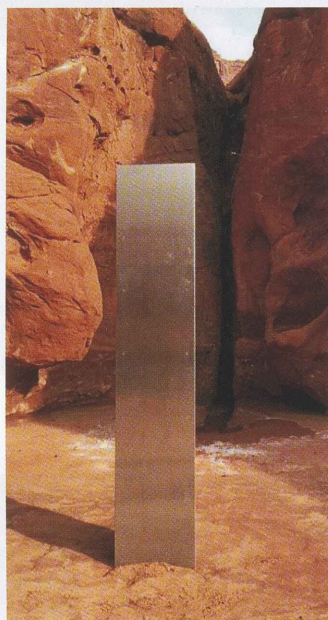

Kim Possible. Kim Ng makes history as the first woman to become the general manager of a Major League Baseball team, and she is believed to be the first woman hired as a GM by any major professional men's sports team in North America. Ng took the top post with the Miami Marlins after more than 30 years with MLB. The news was announced in a virtual news conference from Marlins Park on Friday, Nov. 13. Photo credit: Newscom

#FreeBritney. Fans of Britney Spears protest the pop star's continued conservatorship. The 38-year-old lost a court bid to remove her father's control over her estate, which was granted in 2008 after Spears' public mental health crisis. In court, her lawyer said Spears will not perform while her father is in charge. Photo credit: Newscom

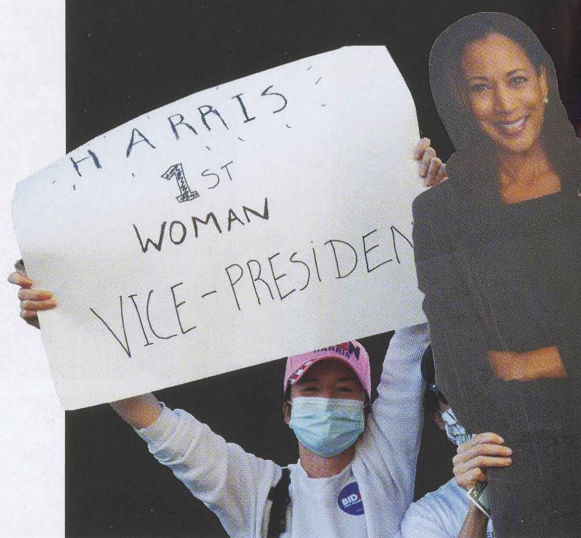

Mystery Monolith. An unexplained metal pillar is discovered on remote Utah land owned by the Bureau of Land Management. The illegal structure was removed the night of Nov. 27 by two adventure athletes concerned about the impact crowds would have on the desert ecosystem. Two more monoliths later appeared in Romania and California, and speculation on their source ranged from artists to aliens. Photo credit: Newscom

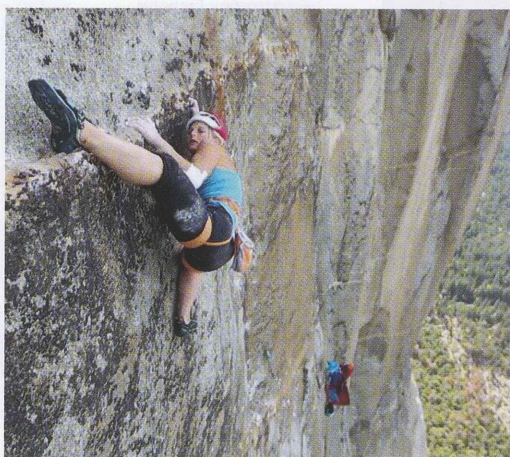

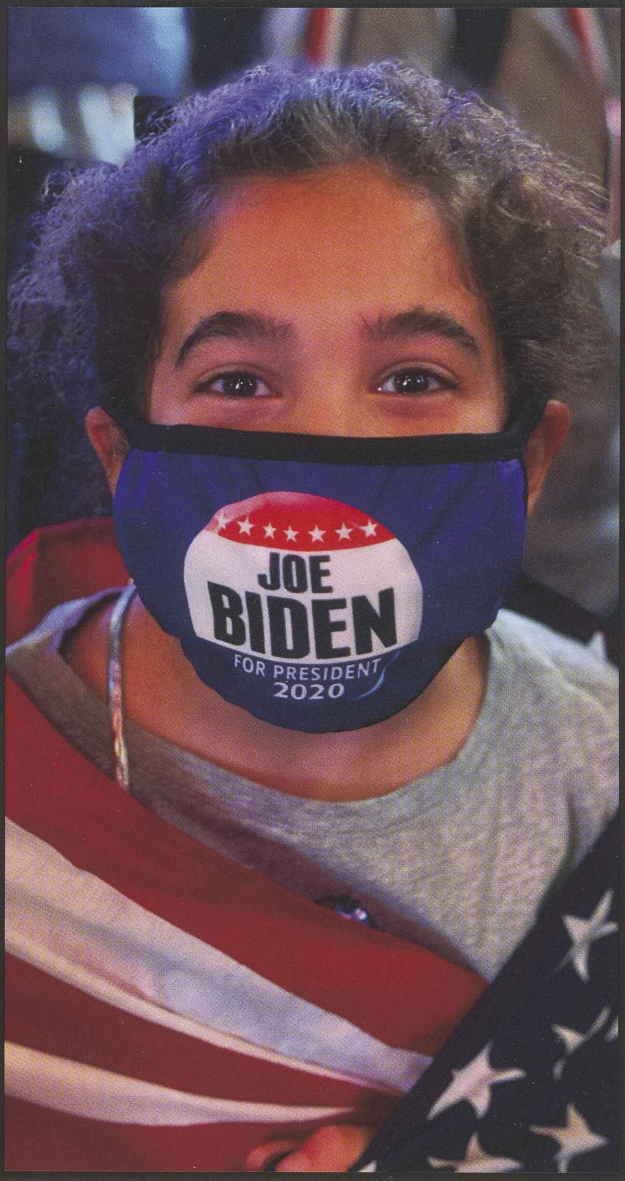

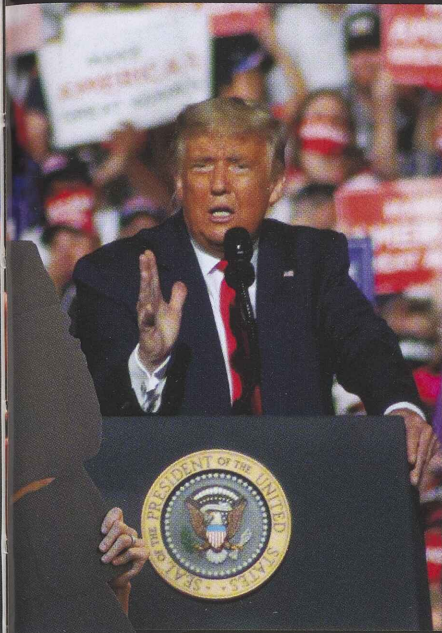

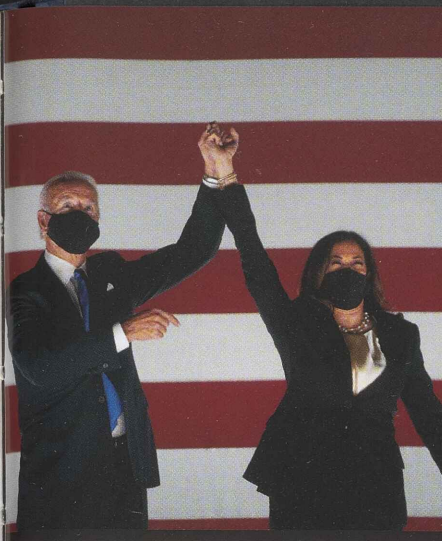

Finally, Some Good News. Two companies make big announcements about their COVID-19 vaccines. Clinical trials showed the vaccine created by Moderna to be 94.5% effective and the Pfizer vaccine to be 95% effective. Both companies expected the Food and Drug Administration to grant their vaccines emergency approval before the end of the year. Photo credit: Newscom

an election to remember

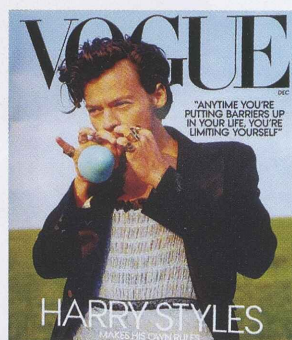

After unprecedented voter turnout and several days of delay in too-close-to-call swing states, Joe Biden and Kamala Harris are named the country's next president and vice president on Nov. 7. Though President Trump had not conceded, Pennsylvania was called for Biden the morning of Saturday, Nov. 7, which gave Biden the Electoral College votes needed to secure the presidency. Vice President-elect Kamala Harris, making history as the first woman, first person of South Asian heritage and first Black vice president elected to office, inspired several viral videos of incredulous little girls saying, "She looks like me!" Registered Nurse Rosalinda Lopez proudly poses after receiving one of the nation's first COVID-19 vaccines. The Food and Drug Administration granted emergency approval to the Pfizer-BioNTech vaccine on Dec. 11, and the Moderna vaccine received approval one week later. Healthcare workers and long-term care residents were among the first to receive inoculation as the vaccine was immediately sent to hospitals across the country. *Photo credits: Newscom*

Happy Days Ahead. The world's loneliest elephant, Kaavan, moves from Margazhar Zoo in Islamabad, Pakistan, to a new home with more social interaction and better living conditions. Singer Cher garnered support on social media for Kaavan's safety by creating a viral campaign. Four Paws, an international animal welfare organization, transported Kaavan to a conservation park in Cambodia where other elephants reside. *Photo credit: Newscom*

Sister Act. Taylor Swift releases her ninth studio album and second of the year on Dec. 11, *Evermore*, a sister album to July's *Folklore*. It was the first time Swift released two albums in one year. All 15 songs made it onto the Hot 100 list. *Photo credit: Chynna Flock*

Stop Everything for GameStop.

Struggling video-game retailer GameStop sees an unexpected 400% gain in shares. A group of Reddit amateur stock traders encouraged members to invest in GameStop when they learned a major hedge fund borrowed shares – a tactic called short selling that depends on a business depreciating in value. GameStop shares skyrocketed in price, while Wall Street hedge funds reported a loss of \$13.1 billion. *Photo credit: Newscom*

Welcoming the 46th

President Joe Biden and Vice President Kamala Harris are sworn into office on Jan. 20, and Biden signs 17 executive orders the same day. Musical performances by Lady Gaga, Jennifer Lopez and Garth Brooks, as well as National Youth Poet Laureate Amanda Gorman's recitation of her original poem "The Hill We Climb," were among the highlights of the ceremony. Former President Donald Trump was not in attendance, the first outgoing president in 152 years to skip the ceremony, though former Vice President Mike Pence did attend. *Photo credits: Newscom*
